

GAURAV SURESH BABU

6363980562 — gauravsuresh48@gmail.com — Bangalore, India

ABOUT ME

M.Tech AI & ML student with B.Tech in ECE. Strong in Python, ML, Deep Learning and LLMs. Interested in building intelligent systems and applying AI to real-world problems.

EDUCATION

VIT Vellore <i>M.Tech AI & ML — CGPA: 7.46</i>	Present
PES University <i>B.Tech ECE — CGPA: 6.02</i>	2020 – 2024
Jain College, Jayanagar <i>PUC — 76%</i>	2020
Frank Anthony Public School (ICSE) <i>SSLC — 77%</i>	2018

PROJECTS

Amazon Deforestation Detection (DL) <i>Python, TensorFlow, CNN</i> - Built CNN model for deforestation detection from satellite images. - Applied preprocessing and augmentation; achieved good validation accuracy.	2026
Catastrophic Forgetting in LLMs <i>Python, PyTorch, Transformers</i> - Studied forgetting during continual fine-tuning of LLMs. - Implemented rehearsal and regularization techniques.	2026
Health Insurance Cost Prediction <i>Python, Scikit-learn</i> - Built regression models for cost prediction. - Performed EDA, feature engineering and tuning.	2025
Label Uncertainty in Autonomous Driving <i>Deep Learning, GenAI, XAI</i> - Used GenAI for data synthesis and XAI for model interpretability. - Improved robustness under uncertain labels.	2026

WORK EXPERIENCE

Bharat Electronics <i>Graduate Apprentice</i> Assisted in electronics systems testing and documentation.	Nov 2024 – May 2025
--	---------------------

TECHNICAL SKILLS

Programming: Python, Java, SQL
Core: Data Structures, Control Systems
ML & AI: Machine Learning, Deep Learning, LLM, NLP
Libraries: NumPy, Pandas, Scikit-learn, TensorFlow, PyTorch
Tools: Jupyter Notebook, Google Colab, GitHub
